

**REMARKS**

Reconsideration and allowance in view of the foregoing amendments and the following remarks is respectfully requested.

Claims 9-16 remain pending in the application.

Applicants appreciatively note that claims 9-16 are allowable.

*Drawings*

The drawings are objected to as failing to comply with 37 CFR 1.84(p) (5). More specifically, Fig. 5 is objected to, because Fig. 5 does not include all of the reference sign(s) of “inductor 12” and “capacitor C1’ ”. In response, Fig.5 has been amended to include the reference signs of “inductor 12”. A replacement sheet including the amended Fig. 5 is attached hereinwith. Further, regarding the “capacitor C1’ ”, the Specification of the present application has been amended to correct the typographic errors by replacing all of the “capacitor C1’ ” with “capacitor C’1”. Accordingly the objection to the Drawings should be withdrawn.

*Specification*

The Abstract of the present application is objected to because of excessive length. In response, a new Abstract in compliance with the requirements set forth in MPEP § 608.01 (b) is presented as above.

*Claims*

The claim amendment, as suggested by the Examiner during the telephone interview, has been accepted by the Applicants, and is included in the above listing of claims.

All objections having been addressed, it is respectfully submitted that the present

application should be in condition for allowance and a Notice to that effect is earnestly solicited.

Early issuance of a Notice of Allowance is courteously solicited.

The Examiner is invited to telephone the undersigned, Applicant's attorney of record, to facilitate advancement of the present application.

To the extent necessary, a petition for an extension of time under 37 C.F.R. 1.136 is hereby made. Please charge any shortage in fees due in connection with the filing of this paper, including extension of time fees, to Deposit Account 07-1337 and please credit any excess fees to such deposit account.

Respectfully submitted,
